LIFT-OFF

Why it's a better cleaner

- Dual cleaning action (solvent and detergent) allows economical dilution rates.
- Free rinsing—Will not leave dulling film.
- Multi-tasking—Clean any surface not harmed by water.

How it cleans

Place wet floor signs in area to be cleaned. Remove gross soils and debris.

Dispense precisely diluted floor cleaner into clean mop bucket or auto scrubber tank.

Apply diluted solution. Agitate as needed. Replace solution when it becomes visibly dirty. Rinse with water.

For general mopping, dilute 1 part with 30 parts water, mop and rinse. For automatic machine scrubbing, dilute 1 part with 50 parts water. To remove long standing dirt and soap film, use a stronger solution and hot water as necessary.

Where it cleans

- Any surface not harmed by plain water
- Marble
- Terrazzo, Granite
- Ceramic Tile
- Machine shop floors
- Linoleum
- Concrete, Asphalt
- Food service areas

Technical Data

Appearance.....	Clear Liquid
Color.....	Blue
Odor.....	Mild, Solvent
Flammable.....	No
Foaming.....	Controlled
Free-rinsing.....	Yes
% Phosphates.....	0.8%
Caustics.....	None
pH.....	10.7 at 1 oz./gallon
