TANKSHEEN

A Special Cleaner For The Brewing Industry

"We used TankSheen today and my brew kettle has **NEVER** looked better." - Weasel Boy Brewing Co., Zanesville, OH

Why it's a better cleaner

- Works when your classic alkaline cleaners won't.
- Low-Foaming – Ideal for CIP.
- Aggressively penetrates and removes beerstone deposits.
- Effectively eliminates mineral scales.
- Excellent rinsing capabilities.
- Successful in hard water conditions.

How it cleans

SOAK OR CIRCULATING: Use at 1:50 to 1:25 (2-4% v/v) with water.

REGULAR CLEANING & PREVENTATIVE MAINTENANCE: Use at 1 to 3 ounces per gallon of water.

Be sure to read and understand the SDS before using this product. Consult your ORCHEM Representative for additional applications information.

Where it cleans

- Mash Tank
- Lauter Tun
- Brew Kettle
- Wort Cooler
- Fermentation/Maturation Tank
- Filtration
- Aging/Bright Beer Tank
- Bottle/Can Filler
- Keg Wash
