TURF KLEANZ C

Bio-Enzymatic Cleaner & Deodorizer for Animal Exercise Areas

Why it's better

- Pleasant fragrance immediately reduces noticeable odor.
- An odor counteractant binds existing odor molecules.
- Uses specific bacteria and enzymes to degrade odor producing organic matter.
- Safe on synthetic turf, grass, and hard surfaces.
- Liquefies animal waste.

How it cleans

Apply a 4-8 oz. per gallon of water solution for spot treatment or throughout the day. Allow to air dry up to 4 hours.

Use a 4-8 oz. per gallon of water solution on turf, grass, and concrete to liquefy animal waste, and control odors. Allow to dry 4 hours.

TURF KLEANZ C combines fragrance, chemical counteractants, and bacterial enzymes for a three pronged attack on organic animal waste and odor problems.

Where it cleans

- Synthetic turf
- Runs
- Grass
- Exercise areas
- Socialization areas
- Any area of animal waste accumulation

Technical Data

Appearance.....Turbid Liquid
Color.....No Dye
Odor.....Citrus
Density.....8.4 lbs./gal.
pH.....6.5-8.8
Content.....Bacillus spore blend
Bacterial Count.....2.55e + 11 cfu/gal.
