GarBugs

**Bio-Enzymatic Cleaner and
Deodorizer for Dock, Dumpster,
and Refuse Containers**

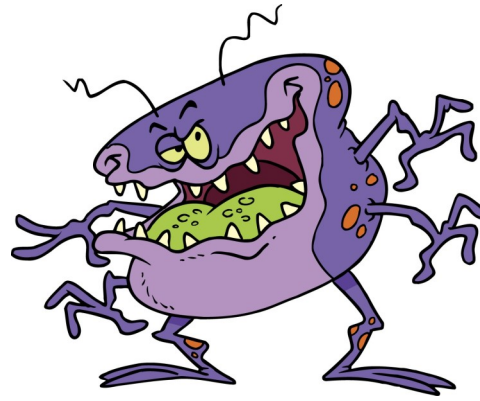

Why it's better

- Pleasant fragrance immediately reduces noticeable odor.
- An odor counteractant binds existing odor molecules.
- Uses specific bacteria and enzymes to degrade odor producing organic matter .
- Safe on synthetic turf, grass, and hard surfaces.
- Contains detergents to add cleaning power.

How it cleans

TRASH CHUTES, GARBAGE PAILS, DOCK AREAS:
Add 2-6 oz. of cleaner per gallon of clean water. Apply evenly to trash chutes, garbage pails, dock areas – no need to rinse. Repeat daily or as needed.

DUMPSTERS :Add 2-6 oz. of cleaner per gallon of clean water. Apply evenly to a freshly emptied dumpster. Apply again when 1/3 full and again when 2/3 full to control odor between pick-ups. Repeat when dumpster is emptied.

GarBugs combines detergents, fragrance, chemical counteractants, and bacterial enzymes for a strong attack on waste and odor problems.

Where it cleans

- Docks
- Dumpsters
- Refuse holding areas
- Garbage pails
- Trash chutes
- Any area of waste accumulation

Technical Data

Appearance.....Turbid Liquid
 Color.....No Dye
 Odor.....Citrus
 Density.....8.4 lbs./gal.
 pH.....6.5-8.8
 Content.....Bacillus spore blend
 Bacterial Count.....2.55e + 11 cfu/gal.
